

CONTOUR Falcon

'Bath replacement & 1500x700mm sizes NOW available'

Above ground, self supporting, only 40mm high

Contour's Falcon range of easy access step-in shower trays are the only choice when a low level shower tray is required. A Falcon will require only the minimum amount of installation and disruption to a property, but could also be recessed into the floor for level access if required.

Benefits

This type of above ground tray, which is easy to step into at only **40mm** high, and has exceptional strength, can rest unsupported without having to be bedded onto a sand and cement mix or similar, on top of the existing bathroom floor.

NOW AVAILABLE: 1800x700 bath replacement and 1500x700mm sizes. Bath replacement tray can be cut to length on site to fit exactly in the space once occupied by a bath, see page 54, and has an end plate to conceal the cut end of the tray.

Falcon trays are not handed and can be used in a left or right hand adaptation.

- Low entry point for easy step in, only **40mm** high
- Suitable for wooden or solid floors
- Can be recessed into the floor if required by 40mm for complete level access
- Self supporting, does not require bedding down onto a sand and cement mix
- Reinforced construction
- Lifetime guarantee
- Waste position situated to allow trap to avoid floor joists
- Ramp R01, 800mm, or Ramp R02, 1850mm available as an optional accessory to assist wheelchair access, see page 115
- Anti-slip surface for an assured underfoot grip
- Bath replacement size now available, 1800x700. Can be cut down to 1500mm to fit exactly into the space left by a bathtub. End plate supplied to conceal the cut end of the tray when installed between three walls.
- Manufactured in the UK
- Exclusively incorporates Microban® antibacterial protection
- Trays not handed

Suitable for wooden floors

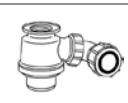

Suitable for screeded floors

Above ground, low level tray.

Only 40mm high

Suitable for gravity waste

Suitable for pumped waste

1800x700:

This ramp can be cut to length

Fixing bracket

Tray height

Easy Installation

Designed for quick and easy installation, a Falcon will comfortably adapt a bathroom to provide low level step-in or complete level access showering solutions.

Fixing brackets are supplied to secure the shower tray to the wall.

Easy to step into at only **40mm** high, a Falcon will rest on top of the existing bathroom floor.

The use of an optional ramp will allow for wheelchair access. See page 115 for more details.

FALC1800x700 can be cut to length by as much as:

Tray	Cut to length
FALC1800x700	From 1800 to 1500mm
