

CONTOUR Ramps

All ramps are treated with Microban® antibacterial protection and have the aluminium edge bonded into the ramp with the exception of ramp R02, which is separate. Using a ramp assists with wheelchair access in and out of the shower tray. Yellow ramp edgings are available on request to assist the visually impaired.

The aluminium ramp is a unique feature to our range. Traditional materials do not allow the fine edge, which we have achieved by adding an aluminium ramp. This allows for a smooth transition from floor to the shower tray. The addition of the ramp also provides for a secure fixing at the front edge of the tray.

R01

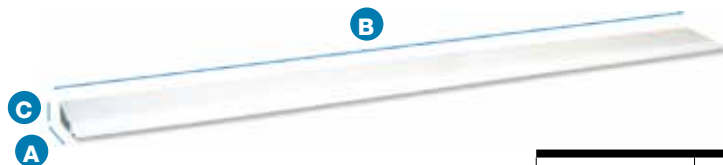

Compatible with the following trays:

Falcon, *page 48* Albatross, *page 119*
 Chaffinch, *page 66* Penguin, *page 70*
 Puffin, *page 120*

A	B	C	REFERENCE
160mm	800mm	40mm	26R01

R02

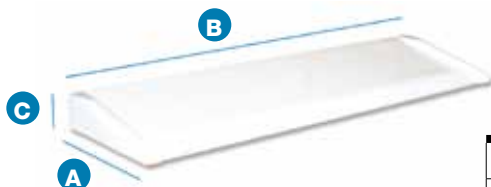

Compatible with the following trays:

Falcon, *page 48* Albatross, *page 119*
 Chaffinch, *page 66* Penguin, *page 70*

A	B	C	REFERENCE
160mm	1850mm	40mm	26R02

R03

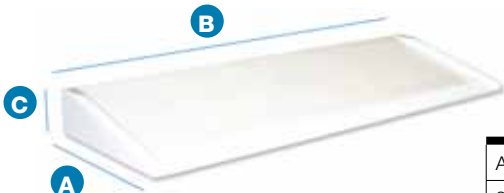

Compatible with the following trays:

Dove, *page 72* Nightingale, *page 72*
 Nightingale02, *page 72*

A	B	C	REFERENCE
250mm	800mm	60mm	26R03

R04

Compatible with the following trays:

Redwing, *page 78* Kittiwake, *page 80*

A	B	C	REFERENCE
330mm	900mm	80mm	26R04

R05

Compatible with the following trays:

Redwing, *page 78*

A	B	C	REFERENCE
770mm	900mm	80mm	26R05
