

CONTOUR Carerscreen®

Portable & convenient

Carerscreen® is an easily portable alternative to a fixed shower enclosure.

Compact and lightweight, Carerscreen® helps to keep the carer dry during assisted bathing, whilst the folding design allows for easy storage when not in use.

Fitted with robust handles to assist with positioning and for lifting, a Carerscreen® is easy to handle and use when a temporary shower enclosure is required.

By removing the Carerscreen® when it is not in use, the shower area is then clear for other members of the household.

- A convenient option to a fixed shower enclosure
- Easily portable, can be moved effortlessly from room to room
- Assists in keeping the carer dry during bathing
- Low screen height of 750mm (29½"), which is a preferred height for carers. Other screen heights available on request
- Can be used in conjunction with a shower tray or alternatively, a tiled or wet floor area
- Fold flat for compact storage
- Available in four standard sizes
- 2 year guarantee
- Carrying bag not supplied
- Not handed
