Select Flex

Mira Select Flex

The perfect mixer shower featuring many safety features including thermostatic control and easy to use lever control.

TMV2 & TMV3 approved, the Select Flex offers the peace of mind of safe and comfortable showering.

Easy to use lever controls and an easy glide slide bar enable this shower to be used by all members of the family.

- Thermostatic control plus TMV2 & TMV3 approval gives safe and comfortable showering
- Extended lever controls clearly distinguish between flow and temperature and are easy to use by the whole family
- New Mira Cool Touch technology reduces the surface temperature of the metal hot water elbow to a safe level
- New Everclear showerhead resists limescale
- New showerhead holder can simply be pushed up and down the slide bar
- New easy-glide and extra long slide bar gives increased height flexibility
- Can be corner mounted - great in smaller enclosures
- New variable pipe inlet centres help ensure easy installation

REF: 06MS10

Plumbing system compatibility:

- Fully modulating combi boilers and instantaneous gas water heaters
- Gravity-fed hot and cold water supply
- Gravity-fed hot and cold pumped water supply
- Mains pressure hot and cold - unvented
