A - Floorboard or concrete flooring
B - 1/4" plywood C - 2mm vinyl sheet flooring

EAGLE TWO

Bath replacement, cut to length, level access shower tray range using TRUESEAL2.

- A showering solution where a bathtub is no longer practical for users with mobility difficulties or requiring wheelchair access.
- Anti-slip surface for an assured underfoot grip.
- Hot seam weld the vinyl sheet flooring directly onto the trays unique TRUESEAL2 floor edge profile, creating a perfectly secure watertight join.
- Requires the removal of ~14mm of flooring, the equivalent of a floorboard, *(apart from the trap area where additional space is required)*.
- Shower tray, enclosure and any ancillary equipment can be installed during one site visit, leaving the flooring to be fitted afterwards.
- **14mm** tiling lip is watertight and will accommodate wallboards or wall tiles.
- With three tiling lips and a central waste position. Either end of the tray can be cut to determine the trays hand for easier installation.
- Cut to length from original length of 1850mm to fit exactly into the space left by a bath. End plate supplied to conceal the cut end when installed between three walls.
- Can be used with floor tiles by omitting TRUESEAL2, *please state when ordering*.
- Exclusively incorporates **Biomaster** antibacterial product protection.
- Lifetime guarantee.
- Trays not handed.

Hot seam weld vinyl flooring directly to the Eagle TWOs TRUESEAL2 profile.

INSTALL BETWEEN 3 WALLS

The end plate is used to conceal the shower trays cut end.

14mm TILING LIP

14mm tiling lip is watertight and will accept wall tiles or wallboards.

WASTE OPTIONS

Supplied with 50mm water seal, 1 1/2" outlet ST90CPB-P-70 gravity waste. Flow rate in excess of 35 l/m.

For more waste options please see pages 46 - 47.

TILING THE FLOOR?
